English
Kiswahili

FULL STACK DEVELOPER

Angular · React · Node.js · Flutter · QA & Performance Testing

PROFILE

Full stack developer with 2+ years of experience building scalable web and mobile applications. Specialized in Angular, React, Node.js, and Flutter, with proven expertise in quality assurance and performance testing. Passionate about delivering high-quality software through clean, documented code and rigorous testing.

KEY PROJECTS

- YouthLink Platform

E&M Technologies

Angular · TypeScript · Node.js

 - Built a youth engagement and recruiting platform linking career seekers with jobs and internships.
 - Delivered a responsive frontend with seamless backend integration.
- NCBA Dairy Collection System

E&M Technologies

Flutter · Java Spring Boot

 - Built a multi-tenant mobile app for dairy collection management.
 - Implemented a scalable architecture supporting multiple cooperatives simultaneously.
- Bidco Yofinvoice

Deveint Limited

QA Testing · Documentation

 - Conducted end-to-end QA testing for an enterprise supply chain financing platform.
 - Identified and tracked critical bugs ahead of deployment.

EDUCATION

- B.Sc. Applied Computer Science

2020 – 2024

Daystar University – Athi River, Machakos
- CCNA 1 Certification

2022

Cisco Academy – Athi River, Machakos
- MIT Boot Camp – Web & Mobile App Development

2020

eMobilis Mobile Technology Institute – Westlands, Nairobi

PROFESSIONAL EXPERIENCE

- E&M Technologies

Apr 2025 – Present

 - Delivered frontend applications using Angular and TypeScript for the YouthLink platform.
 - Developed cross-platform mobile apps with Flutter, including a multi-tenant Dairy Collection system for NCBA Bank.
 - Led testing automation initiatives using JMeter and Grafana for performance and load testing.
- Deveint Limited

Jun 2024 – Mar 2025

 - Conducted quality assurance testing for Bidco's Supply Chain Financing system.
 - Wrote technical documentation and user manuals to improve system accessibility.
 - Helped establish QA best practices and testing protocols across teams.
